Our works

in Interiors

Stones Coffe table
ALM interiors

Table Wave
Ariana Ahmad design

Ellipse console
Notumproject

Potaru bench
Elina Bogomolova

Our objects are all about silence, tranquility and self-immersion. We believe this is the experience that is sorely lacking in modern life.

Simplicity inspires not limits us. In our objects we praise calm and temperance with minimal decorative component.

We create one-of-a-kind pieces and unique handmade objects that serve for many years and decades and are passed down to further generations. Our objects fill its owners with the energy of nature.
