

WOODZENART

Furniture

WoodzenArt

WOOD: our basic material is carefully selected specimens of precious woods.

ZEN: our objects improve the sense and feeling of space, balancing the flow and vibrations of energy, both visually and physically creating harmony and balance. In our interiors it is easy to work and relax.

ART: our works are special creations inspired by natural forms and energies. Works of art with functionality.

The brand's works are in the State museum fund, in the collection of All-Russian Museum of Decorative Arts and in private collections around the world.

Our mission is to turn our and your ideas into things that will become the heart of your space, will support and inspire you for years to come.

table Wave
